## CRIMSON CLOVER SHOULD BE SOWN AT ANY TIME NOW

SOME SUGGESTIONS FOR THIS VERY POPULAR CROP ARE GIVEN.

### BY COUNTY AGENT O. I. FARRIS

Seed should be lightly covered and should always be sown to a good seed bed—farmers will have number community meetings next week.

"Crimson clover should be sown any time between now and Sept. 15, if sown in corn," said County Agent O. I. Farris Saturday. "Where it is sown on land specially prepared for it, the seed should be sown between Sept. 1 and Sept. 15.

"Since many farmers will sow their clover in corn this year, it is best to briefly describe this method first. It will take about twelve pounds to the acre or a bushel to five acres and the seed may be sown by hand, in fact, that is the usual method. The seed bed should first be prepared, that is the corn should be clean of weeds, for it won't do to sow the clover down in weeds. After the seed are sown they should be covered with a very light harrow. It does not pay not to cover the seed, nor is it safe to cover too deep. The V-shaped harrow is the best tool for the purpose.

"Where the clover is sown in land prepared for it, the seed may either be sown with a wheat drill or with a hand seeder. In the latter case, it should be lightly covered with a harrow.

"Farmers are taking great interest in clover sowing; we held two meetings this week and at the two orders were given by farmers for twenty bushels of the seed. Next week we will have a number of meetings as follows: At H. N. Mayberry's farm, Sawdust, on Monday at 2 o'clock; Water Valley, A. H. Forger's farm, at 10 a. m. Tuesday; at the farm of A. F. Church, at Santa Fe, on Tuesday at 2 o'clock; at the farm of R. S. Elam, at 10 o'clock on Wednesday; at James T. Kinnard's, at Neapolis, at 2 o'clock Wednesday."

A fellow always gets suspicious of a place that he can afford.

### IT'S SURPRISING

That so many Columbia people fail to recognize kidney weakness. Are you a bad back victim? Suffer twinges, headaches, dizzy spells?

Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do.

Kidney trouble needs kidney treatment.

Have convinced Columbia people of their merit.

Here's a Columbia case; Columbia testimony.

Kidney sufferers hereabouts should read it.

Mrs. W. J. Dowell, 331 W. Tenth St., Columbia, says "I had dull pains across my back and hips. I had frequent headaches and objects floated before my eyes, blurring my sight. The kidney secretions passed irregularly and annoyed me. I used Doan's Kidney Pills and they relieved the pains in my back and put my kidneys in good condition."

## SCHOOL COUNCIL SHOWS FIVE PER CENT GAIN POPULATION COUNTY

BEST INCREASE IN YEARS MADE BY THE SCHOLASTIC CENSUS OF JUNE 30.

### DECREASE IN CITY COLUMBIA

But Loss is Made Up And Substantial Increase is Noted in the Country—Only One District Has More Colored Than White Children.

There was an increase of 574 in the scholastic population of Maury county taken as of June 30, as compared with the population on June 30, the year previous. This is an increase of approximately five per cent during the year and is the best increase made in recent years. There are in the county 7,635 white and 4,657 colored children, or rather persons of school age. The ages between which the enumeration is made are six and twenty-one years. The total scholastic population of the county last year was 11,719 and for the present year the total is 12,292. This is an increase for the year of 574, or almost exactly five per cent. There was a falling off in Columbia, the total number enumerated this year being 1,636, of which 995 are white and 641 colored. The total in the city last year was 1,701, a loss of sixty-five, or about four per cent. The big increase was made up in the country districts of the county.

The following is the enumeration for the year by districts:

District	White	Colored	Total
One	808	305	1,113
Two	501	390	891
Three	887	437	1,324
Four	730	224	954
Five	707	347	1,054
Six	603	283	886
Seven	701	691	1,392
Eight	218	354	572
Nine	600	479	1,079
Ten	394	221	615
Mt. Pleasant	391	185	576
Columbia	995	641	1,636
Total	7,635	4,657	12,292

In only one district, the Eighth, are the negroes more numerous than the whites, although there is very little difference in the Seventh district, outside of the town of Mt. Pleasant. The Tenth has the smallest and the Eighth the next smallest population.

## HUMPHREYS MAKES FORMAL PLEA FOR SENATE NOMINATION

SEEKS SUPPORT OF THE DEMOCRATIC CONVENTION OF MAURY COUNTY.

### IS THE CHOICE OF LEWIS COUNTY

Stands Squarely For The Administration of Gov. Rye and is in Full Sympathy With Efforts to Sustain Laws Of State.

Hon. D. D. Humphreys, of Lewis county, today made formal announcement of his candidacy for the democratic nomination for the senate from the Twentieth district. Mr. Humphreys is the choice of the democracy of his home county, having been nominated in a primary with Former Senator Shubert. At a recent meeting of the democratic committee of Maury county he was endorsed and recommended to the democracy of the county when assembled in convention on Monday, Sept. 25.

It is not believed that there will be very much of a fight on Mr. Humphreys in the county. He comes very highly recommended as a business man and as a gentleman of integrity and standing in his community. He declares in his announcement that he is thoroughly in accord with Gov. Rye and if elected to the senate will do all within his power to uphold the hands of the democratic administration. He is in full sympathy with the governor's efforts to uphold the laws of the state.

Mr. Humphreys feels, in common with the democrats of Lewis county, that it is time the little county sent a senator from the district, not having had one in ten years, and during eight of those years Maury county has furnished the member, while Perry county has had a senator for two years of the time.

His candidacy is subject to the action of the senatorial convention of the democrats.

## NEGRO MAN CUTS LOUISE BURKE, COL.

AFFRAY TOOK PLACE AT THE WOMAN'S HOME IN MACEDONIA SATURDAY NIGHT.

Bradley Thomas, a negro man of character that is anything but good, whittled one Louise Burke, colored Saturday night about twelve o'clock, and immediately thereafter left for parts unknown.

The difficulty took place at the woman's home in Macedonia, and it is reported that Louise's face looks like a piece of pig that has been prepared for barbecuing. Thomas, who has been in several scrapes in Columbia at different times, is said to skip as soon as trouble is done, and always makes good his get-away. It is understood that he hies for Chicago and stays until the time limit runs out and then comes back to Columbia and remains until some of his numerous women friends get him in trouble again.

The officers trailed him as far as Nashville, but lost all trace of him after he reached the "Rock City."

The Burke woman is cut in many places about the face, neck and body but while her injuries are painful, they are not thought to be serious.
